How Do You Earn Money...

First... You start by becoming an Independent TraVerus Travel Agent.

Second... As an Independent TraVerus Travel Agent you may earn up to 70% commission on personally booked travel packages.

Third... As an Independent TraVerus Travel Agent you are compensated for assisting others in becoming Independent TraVerus Travel Agents as well.

In addition to booking travel...

Business Builders also earn by the following:

1. Personal Sales
2. Coded Bonuses
3. Matching Coded Bonuses
4. Residual Coded Bonuses
5. Matching Residual Coded Bonuses
6. Matrix Residual Bonuses

See the following slides for details!

Business Building...

Earning up to 70% commissions for booking travel events is pretty straight forward. So...

Lets focus on how lucrative it may be to refer and develop other TraVerus Travel Agents.

Referring New Agents...

As a Qualified Associate or Agent, you may now earn Personal Sales Commissions on sales that YOU generate.

Earn \$50 on each "Referral Travel Agent Package".

Refer 2 and you have basically covered your purchase fee!

Bonuses...

Here Is Where It Begins To Get Interesting!

Qualified Agents are paid "Coded Bonus" commissions on all personally generated sales after your first 2 sales - with no limits.

So, beginning with your third personal sale, you will be eligible to earn both the "Personal Sales" commissions AND "Coded Bonus" commissions.

Example = New personal sale = \$50, plus a Coded Bonus of \$20 so each new sale is now worth \$70!

Matching Bonus #1...

Here Is Where It Begins To Get More Interesting!

Remember: Qualified Agents are paid "Coded Bonus" commissions on all personally generated sales after their first 2 sales - with no limits.

So, beginning with your new agents third personal sale, you will be eligible to earn a 150% matching bonus on their "Personal Coded Bonuses".

Example = Your first 2 new agents each receives a \$20 Coded Bonus (2x\$20 = \$40...You now receive \$60...A **150% matching coded bonus!**

Matching Bonus #2...

Here Is Where It Gets Even More Interesting!

Remember: Qualified Agents are paid "Coded Bonus" commissions on all personally generated sales after their first 2 sales - with no limits.

So, beginning with your third personal sale, you will be eligible to earn a 100% matching bonus on their "Personal Coded Bonuses".

Example = From your 3rd Personal agent and there on...every time they receive a \$20 Coded Bonus...You also receive \$20...A **100% matching coded bonus!**

Residual Coded Bonuses...

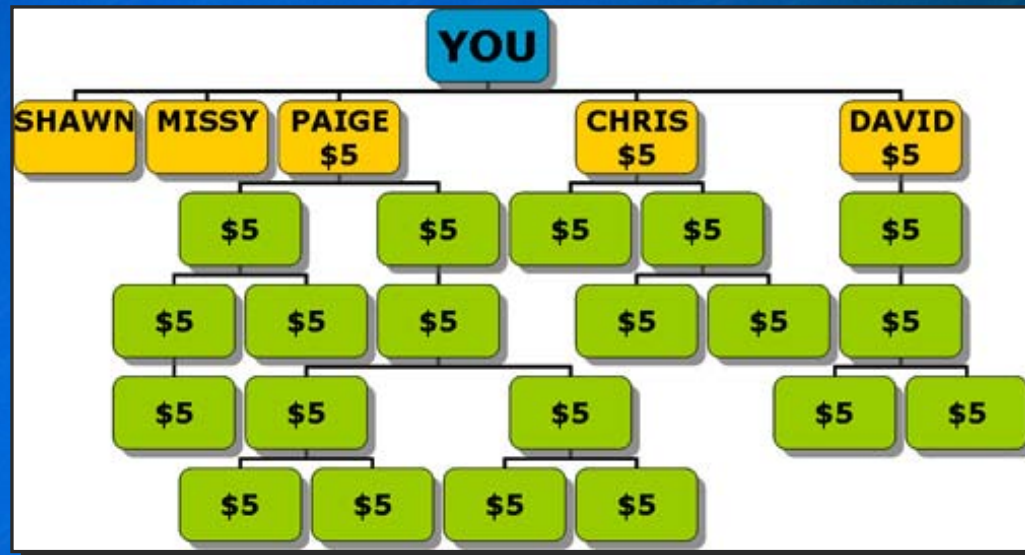

Here It Continues To Get Even More Interesting!

The "Residual Coded Bonus" applies only to previous sales generated prior to the current pay period. In other words, second month sales - or a sale that is now paying monthly on their "Become A Travel Agent" monthly subscription. These are sales that you have already earned "Coded Bonus" commissions on!

See next slide...

(Continued)

For each active "Coded Subscription Sales", you receive a \$5 "Residual Coded Bonus" each month! This can add up to be a huge residual income that is paid every month!

For example, if you have 500 active "Coded Agent Sales" that are not "new" sales, you would receive a \$2500 "Residual Coded Bonus" commission. This is in addition to the other commissions described in our Compensation Plan!

Matching Residual Bonuses...

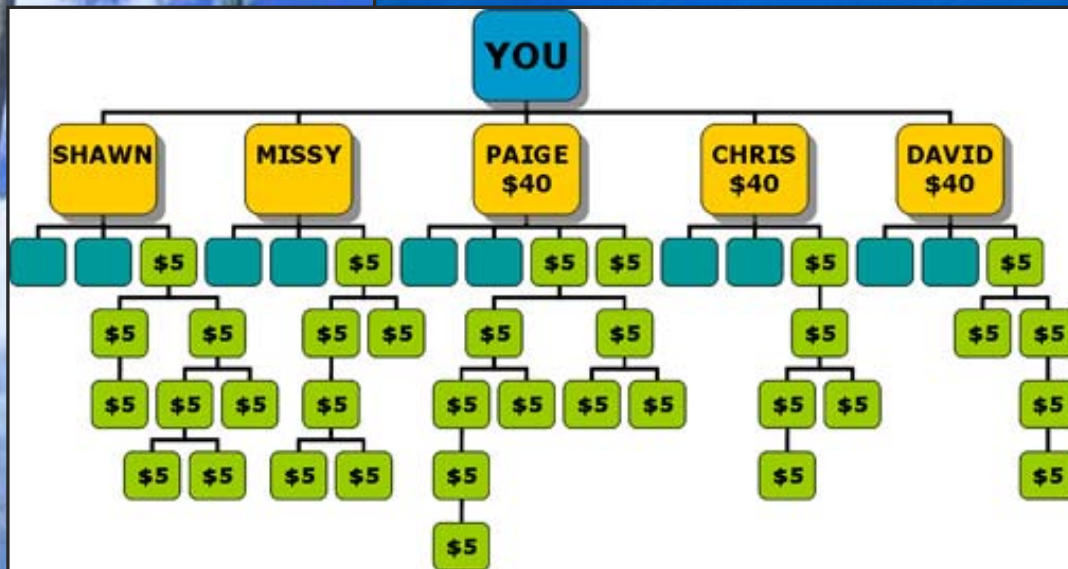

Believe It Or Not...It Gets Better!

The "Matching Residual Coded Bonus" is paid on all "Become A Travel Agent" sales. You are eligible to receive a 100% "Matching Residual Coded Bonus" commissions on your personally sponsored Agent sales with no limits.

See next slide.

Matching Residual Bonuses...

(Continued)

For example, if your active personally sponsored Agents earn \$100 each in "Residual Coded Bonus" commissions, you would earn a 100% "Matching Residual Coded Bonus" or \$100 commissions on each. So...

If you have 5 that earn \$100 each, you would earn \$500 in "Matching Residual Coded Bonus" commissions!

There's more...see next slide!

3x9 Matrix Residual Bonus...

Starting on the second month of a TraVerus Travel "Become A Travel Agent" Sale, commissions for the "Matrix Residual Bonus" can be earned. The matrix design is a 3x9 **Forced Matrix**. That means when qualified, it pays 3 levels wide by 9 levels deep. In a 3x9 matrix, each level triples in size starting with 3 on your first level (second level equals 9, third level equals 27, and so on).

[See next slide.](#)

3x9 Matrix Residual Bonus...

(Continued)

When you become an active Agent that personally generate one "Travel Agent Package" Sale, you are eligible to earn "Matrix Residual Bonus" commissions. If you personally generate one sale you are eligible to earn commissions through 6 levels of the Matrix, Platinum Agents are eligible through 7 levels and as you build your business you could earn up to 9 levels of pay.

Considering the fact that each level triples in size - this can be a tremendous amount of "Residual Income".

See next slide.

3x9 Matrix Residual Bonus...

(Continued)

Very simply, in a 3x9 forced matrix, a maximum of three sales fit on your front line, and all others made by you or those above you are forced down to your second level and beyond - called "**spillover.**" When those below you make sales, they too can only have three on their front line, so all others "**spillover**" to the next level.

Testimonials...

WOW is a huge understatement. I went from 0 to 650 members in just 5 weeks! TraVerus is going insane and people are getting paid BIG checks. This is by far the best compensation plan in the history of MLM. Did you know this plan was designed to create 7 figure monthly earners in the first 2 years. In 3 weeks we have people already tracking over 100k a year and these numbers do not lie. I personally guarantee you if you understand this and work it, your dreams will come true in 2007! ...Tim M. (Mississippi)

I made over \$1,400 my first week! This is the most powerful pay plan that I have ever seen. My business has grown to over 300 people just 3 short weeks. How did I do it? I made a list of 25 people that are professionals and would listen to a 20 minute overview call. Then I made a commitment to not let my emotions get in the way of giving them a chance to hear this great news. My question was simple: **“May I have permission to either send you an email or give you a phone number to review what I believe to be a truly groundbreaking business?”** Charles M. (NC)

I helped build another organization to over 30,000 people. When I saw this program, the company coupled with the most lucrative compensation plan in the business, plus the timing...I immediately came on board. Getting all the above concepts to occur at the same time only comes around once every 10-20 years. Phil L. (Arizona)

“Residual Millionaire”!

*Disclaimer: All income examples are for illustration purposes only.
They are NOT intended as forecasts or predictions of your earnings.

“Residual Millionaire!”

What does that mean?

Simply Stated...

A millionaire wants to live off the passive earnings generated from their savings.

For example...5% on one million dollars would earn about \$50,000 per year in interest.

That equates to a little over \$4,000 per month to withdraw and enjoy without really having to labor!

On The Other Hand...

If you were to build a Home Based Business *(over the next year)* that would produce over \$4,000 per month in the form of residual income *(commissions/overrides)*, *Then...*

You would have achieved the same effect of having a million dollars in the bank!

A “Residual Millionaire”!

Now Ask Yourself...

Which would be more practical for ***you*** to achieve over the next year or so?

Save A Million Dollars...

or
